

# Submit an eConsult

eConsult is a secure web-based tool that allows physicians or nurse practitioners timely access to specialist advice for all patients, often eliminating the need for an in-person specialist visit.

## Step 1:

Sign on to [OTNhub.ca](http://OTNhub.ca) and click “Launch eConsult”

## Step 2:

Select “Request Consult” and choose one of two options:

- BASE™ Managed Specialty (access to a group of specialists based on specialty)
- Specific Provider or Group (access to individual specialists/groups)

## Step 3:

Choose the specialty, or specific specialist/group

Enter the patient information.

Ask your non-urgent clinical question and attach any relevant files.

Click **Send**

## Step 4:

Receive a timely response (less than 7 days).

Ask any follow-up questions through “Request Clarification”

## Step 5:

Close the case by clicking “Complete”, providing feedback for the specialist (if desired) and completing the closing survey
