

Signing Up for an OTNhub Account

Hosted on the secure-web based OTNhub platform, **Ontario eConsult** is a digital health tool that allows clinicians, nurse practitioners and midwives timely access to specialist advice for patient-specific inquiries and often eliminates the need for an in-person specialist visit.

Sign up for an OTNhub account at www.otnhub.ca and send an eConsult to get specialist advice!

What Do I Need?

1. OneID login credentials

- If you are an MD, you can create your OneID credentials through your [CPSO Member Portal](#).
- If you are an NP, midwife or a delegate, an eHealth Local Registration Authority (LRA) can assist you. Fill out our [intake form](#) to be directed to your regional eConsult team member for support.

2. OTNhub account

- Account Type Options: Individual (Solo)/Private Practice or associated with an OTN Member Organization
- Sending clinicians must have a valid OHIP Billing #.

3. Access to compatible web-browsers

- Google Chrome 72 +, Mozilla Firefox 60 + ESR, Microsoft Edge 79 +. or Apple Safari 12 +
- OTNhub allows for exporting of PDF copies of eConsults - [get Adobe Reader](#).
- [Click here for more information on system requirements and technical features](#).
- The Ontario eConsult Service offers several integration options to support clinical workflow. Contact eConsultCOE@toh.ca for more information.

What Type of an Account Should I Get?

Are you a....

- clinician who does not wish to have their account associated with a specific organization?
- a clinician who changes organizations frequently (e.g. locums)?
- clinician who works at multiple organizations and who is not using delegate support?

Are you a....

- clinician who works at a health care organization such as a hospital, or family health team?
- clinician who wishes to associate their account with their health care organization?
- clinician who works at a health care organization who leverages delegate support?
- delegate supporting a solo clinician or organization?
