

Are you a New Physician, Nurse Practitioner or Midwife in Ontario?

eConsult and eReferral, are two initiatives included in the **Ontario eServices Program**. eConsult is a secure web-based tool that allows physicians, nurse practitioners & midwives timely access to specialist advice.

Improve access to specialist care and community services for your patients

eConsult

Secure web-based tool for timely specialist advice, often eliminating the need for a patient visit.

eConsult is a secure web-based tool that allows physicians and nurse practitioners timely access to specialist advice to over 135 specialties, including dermatology, hematology and endocrinology, and often eliminates the need for an in-person patient visit. Get specialist advice for your patient fast - on average within one day (expected turnaround time is 7 days). Where applicable, you can bill OHIP using the K738 fee code.

eReferral

Efficient referral process for patient visits, ensuring a complete and streamlined experience.

eReferral is a secure and seamless way for a referring provider to send a referral to a specialist electronically. Our eReferral solution is EMR integrated with the most common systems in Ontario and keeps all parties (clinician sender, specialist receiver and patient) informed throughout the referral process.

Benefits for Newly Graduated Physicians, Nurse Practitioners & Midwives
